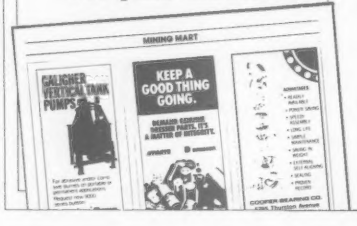
The MINING MART is a selling showcase, ideal for quick, lead-producing sales messages

*** appearing monthly in E&MJ**

*** free as an ad bonus**

*** specially priced for paid insertions**



E&MJ MINING MART

The MART is designed for leads. Here's a perfect complement to your corporate/cross product line advertising. E&MJ MINING MART ads are sized right for a quick reading ad on individual products/services. And with MART ads having reader service numbers, buyers can respond.

E&MJ MINING MART ads are free to qualifying advertisers

The MINING MART is an ad bonus. Depending on what you run, here's what you get free.

* Full-page advertisers get ONE MART unit free in the issue in which the full-page ad runs.

* Spread advertisers get TWO MART units free in the issue in which the spread ad runs.

* Fractional 1/2-page and 2/3-page ads qualify for free MART units, too. Cumulate a page and we'll run a MART unit in the issue in which the last fractional ad runs.

Specially-priced insertions

You can be in the lead-producing MINING MART for just $700 per insertion. Value priced, the MART's specially-sized ads are perfect for testing offers, building up your mailing list, selling small-ticket items directly to buyers.

MINING MART requirements

Camera-ready art or negative film is required. Dimensions are 1-7/8 inches x 4-3/16 inches. Insertion orders are required for all MINING MART units, whether free or paid. Agency commission allowed. Closing date: first of month prior to issue date. Contact your E&MJ representative to make your reservation or phone 312-726-2802.
